

Sustainable Business Relationship Building
Through Digital Strategy Solutions

The modern world of today requires every business to formulate an effective **Digital Marketing Strategy** to successfully compete and flourish in the ever-changing world dynamics.

Businesses competing in the digital arena are exploring different ways to effectively reach their intended audience. However, we at NX3 have learned to do this in an ingenious way by reforming the old marketing tactics.

What is Email Marketing?

Email Marketing is the targeting of consumers through Email. An organization builds an email list to reach or inform established and prospective customers. When complemented with a marketing database, it allows for customization, data mining, precise targeting, etc.

Percent of all marketers employ email marketing.

“ Email has an ability
many channels don't:
creating valuable,
personal touches – at
scale.
